Simultaneous Tool Differentiation

## Unparalleled Collaborative Experience

Today's workflows are about going beyond communicating to collaborating. SMART has spent 30 years designing hardware and software solutions that work together to create interactive environments.

### Multiple users, tools and colors at the same time

**Simultaneous Tool Differentiation** frees multiple colleagues to write, erase and move notes at the same time. **Object awareness**™ detection automatically makes pens write, fingers move and palms erase.
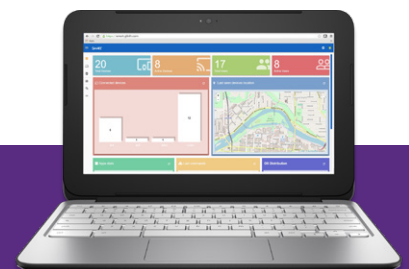

### Write and save notes directly into applications

**SMART Ink**® software lets teams write over videos and into **PDFs, Microsoft Office**® **files** and websites, then save notes in almost any file type. Convert notes to text and access spotlight, magnifier and screen shade tools.

## Built to use. Built to last.

Durable and commercial-grade, SMART Board Pro displays have received many safety, regulatory and environmental certifications, giving you peace of mind that they adhere to government or other regulatory requirements.
